### Supervision survey for advanced practice trainees

The Faculty of Advancing Practice within the East of England are conducting research on the level and types of supervision in place for all Advanced Practice trainees. As part of this research, we have designed a survey to better understand the lived experience of trainees, the challenges and best practice.

The details from all surveys will remain anonymous outside of our faculty and we will only share themes and trends, with no organisation specific data to be released.

The survey only takes 10 minutes to complete and can be accessed here <https://tinyurl.com/2p8medad>. Please complete the survey before **31st December 2021**.
